MUSEUM QUALITY MAMUKA

BOARD PRINTING

Print direct to high-quality, solid, heavyweight boards up to 1.5mm thick!

Full colour or Black and White art prints with smooth matt finish using Aqueous inks. The even distribution of colour across the sheet creates a consistent and sophisticated look, even with the edges exposed. Uniform tonal density and sharpness, at 2400x1200dpi resolution, that no flatbed printer can match!

SPECIFICATIONS

- Sizes: A5, A4, A4, A2, A1, A0 and any size in-between.
- 700gsm 1mm thick.
- 1050gsm 1.5mm thick.
- ✓ The Oddy test (accelerated aging test) confirms that Mamuka white boards are suitable for storage or display of museum objects.
- ✓ Conforms to ISO requirements for permanence (9706).
- ✓ Suitable for applications requiring Acid-Free paper.
- ✓ Biodegradable and recyclable.

Projects that require permanence and/or acid-free paper such as: Invitations, Tags, Covers, Point Of Sale Material, High-end Packaging, Posters, Display Boards and Art Prints

EPSON EXHIBITION CANVAS

SIGNATURE WORTHY PREMIUM SATIN

This flexible and durable media has been designed for POS, photographic and fine art work. Manufactured from a premium heavyweight 35% cotton/65% polyester blend that supports high-colour work with a tight 2-1 weave for high-resolution print.
